Spring 2006 • www.CASTUSA-GNY.org

Dear friends,

The 2006 CAST-USA GNY Convention will be held at Marine Village Resort, Lake George, May 27-29. Please join us at this event to participate a wide variety of activities, and to meet CAST-USA GNY members, friends, and families!

The Chinese Association for Science and Technology, U.S.A. (CAST-USA) was founded in August 1992 and registered as a non-political and non-profit professional organization. The majority of CAST members hold advanced degrees in science, technology, education, business, law, medicine, arts, and other endeavor. CAST-USA is growing at a rapid pace with thousands of members in more than 30 states, working in universities, industries, government agencies, and other sectors. CAST-USA is one of the most-recognized organizations among oversea Chinese professionals. It is the leading institution dedicated to the promotion of understanding between Americans and ethnic Chinese in the United States.

As the founding place for CAST-USA, CAST-USA Greater New York Chapter was structured in 2002 to facilitate the nationwide expansion of CAST-USA. Its members reside in the State of New York and New Jersey.
